

Lansdowne Children's Centre Foundation was established to support our unfunded programs at Lansdowne, and continue to build awareness about the Centre. The majority of our programs receive government funding; however, our recreation programs do not. Thanks to the support of our community, our children with special needs are able to enjoy everything that childhood has to offer. Our kids get to go to camp, swim, participate in fitness classes, cook, enjoy art and music, and garden. Our families appreciate the donations that allow their children to be part the community, meet new friends, and build self-esteem.

Lansdowne Children's Centre is a treatment centre for children and youth with physical, developmental or communication needs. We provide specialized care and services to more than 2,600 children and their families annually, from birth until 19 years old. Their special needs may arise from Cerebral Palsy, Spina Bifida, Down Syndrome, Brain Injury, Muscular Dystrophy, Autism and other developmental delays. We offer a wide range of quality services at the Centre, in home, in schools and other community settings that provide essential supports, and play an important role in enabling our children and youth with special needs to develop to their full potential.

Thank You!

Your support today will mean the world to our special children here at Lansdowne.
